Application 2004-1192-6
Public Hearing in the National Capital Region
21 March 2005

CFMT-DT Toronto – New transmitter in Ottawa

1. The Commission **approves** the application by Rogers Broadcasting Limited to amend the broadcasting licence for the transitional digital television programming undertaking CFMT-DT Toronto, in order to operate a transmitter in Ottawa.
2. The new transmitter will operate on channel 27C with an average effective radiated power of 7,090 watts.
3. The Commission did not receive any interventions in connection with this application.
4. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department of Industry notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.
5. The transmitter must be operational at the earliest possible date and in any event no later than 24 months from the date of this decision, unless a request for an extension of time is approved by the Commission before 19 May 2007. In order to ensure that such a request is processed in a timely manner, it should be submitted in writing at least 60 days before that date.
