

## Telecom Decision CRTC 2005-24

Ottawa, 19 April 2005

### Co-location link changes

Reference: 8661-C25-200409442 and 8621-C12-01/00

1. The Commission received *Co-location Link Changes (CLC) - Follow-Up to Telecom Decision CRTC 2003-83*, consensus report BPRE050a (the Report), dated 24 March 2005, from the CRTC Interconnection Steering Committee (CISC) Business Process Working Group (BPWG), filed pursuant to a Commission directive in *Call-Net Enterprises Inc. v. Bell Canada - Request for tariffs and tariff modifications with respect to work provided by Bell Canada*, Telecom Decision CRTC 2004-83, 21 December 2004.
2. The BPWG has reached consensus on procedures for completing Co-location Link Changes that parties to the working group have developed including conditions when changes are necessary, situations when co-operative testing should be performed, the appropriate test procedures and the number of personnel required to complete a test, as well as billing guidelines.
3. The Commission has reviewed and **approves** the Report.
4. As a result, section 7.3 of the Unbundled Loops' Installation, Testing and Maintenance Guidelines (ITMG) is modified to reflect the procedures set out in the Report.
5. A copy of the Report is available on the Commission's website.

Secretary General
