Pronto TV2 – Spanish Language Television – Category 2 specialty service

*In this decision, the Commission **approves** an application for a broadcasting licence to operate a new Category 2 specialty programming undertaking.*

The application

1. The Commission received an application by Brigitte H. Gallucci, on behalf of a corporation to be incorporated, for a broadcasting licence to operate a national, ethnic Category 2¹ specialty programming undertaking to be known as Pronto TV2 – Spanish Language Television.
2. The applicant proposed to offer a third-language, general interest service that would be devoted to the Spanish-speaking community. The programming would consist of a broad range of programs such as news and news commentary, documentaries, religious programs, sports, drama, feature films, human interest programs, entertainment programs, cooking, music and dance. All of the programming broadcast in the broadcast week would be in the Spanish language.
3. All of the programming would be drawn from the following categories set out in Schedule 1 to the *Specialty Services Regulations, 1990*: 1 News; 2(a) Analysis and interpretation; 2(b) Long-form documentary; 3 Reporting and actualities; 4 Religion; 5(a) Formal education and pre-school; 5(b) Informal education/Recreation and leisure; 6(a) Professional sports; 6(b) Amateur sports; 7(a) Ongoing drama series; 7(b) Ongoing comedy series (sitcoms); 7(c) Specials, mini-series or made-for-TV feature films; 7(d) Theatrical feature films aired on TV; 7(e) Animated television programs and films; 7(f) Programs of comedy sketches, improvisations, unscripted works, stand-up comedy; 7(g) Other drama; 8(a) Music and dance other than music video programs or clips; 8(b) Music video clips; 8(c) Music video programs; 9 Variety; 10 Game shows; 11 General entertainment and human interest; 12 Interstitials; 13 Public service announcements; and 14 Infomercials, promotional and corporate videos.

¹ The Category 2 services are defined in *Introductory statement – Licensing of new digital pay and specialty services*, Public Notice CRTC 2000-171, 14 December 2000.

4. The applicant requested that it be authorized, by condition of licence, to broadcast up to six minutes per hour of local and regional advertising.

Intervention

5. The Commission received an intervention in connection with this application by NMTV inc. (NMTV), the licensee of the national, ethnic Category 2 specialty programming undertaking known as NuevoMundo Television. NMTV contended that there was an overabundance of applications filed with the Commission for new third-language ethnic services and questioned the granting of automatic authorization to such applications, regardless of the size of the market.

Applicant's reply

6. In response, the applicant noted that, in *Licensing framework policy for new digital pay and specialty services*, Broadcasting Public Notice CRTC 2000-6, 13 January 2000 (Public Notice 2000-6), the Commission stated that it would not limit the number of Category 2 licences to be issued. The applicant pointed out that each Category 2 service can be unique and tailored to provide interesting programming and maintained that its proposed service would complement existing services.

Commission's analysis and determinations

7. The Commission is satisfied with the applicant's response to the intervention. The Commission finds that the application is in conformity with all applicable terms and conditions announced in *Introductory statement – Licensing of new digital pay and specialty services – Corrected Appendix 2*, Public Notice CRTC 2000-171-1, 6 March 2001 (Public Notice 2000-171-1). Furthermore, given that the service will offer more than 90% of its programming in a third language, the Commission finds that the application falls under the definition of a third-language service, established in *Revised approach for the consideration of broadcasting licence applications proposing new third-language ethnic Category 2 pay and specialty services*, Broadcasting Public Notice CRTC 2005-104, 23 November 2005 (Public Notice 2005-104). Accordingly, the Commission **approves** the application by Brigitte H. Gallucci, on behalf of a corporation to be incorporated, for a broadcasting licence to operate the national, general interest third-language ethnic Category 2 specialty programming undertaking, Pronto TV2 – Spanish Language Television.
8. With respect to the request to broadcast up to six minutes per hour of local or regional advertising, the Commission notes that, as set out in Public Notice 2005-104, the Commission generally permits new third-language services to broadcast up to six minutes per hour of such advertising unless an intervener makes a compelling case to the contrary. In the present case, there were no interventions opposing the proposal to

broadcast local and regional advertising. The Commission therefore **approves** the applicant's request for authority to broadcast up to six minutes per hour of local and regional advertising. A **condition of licence** to that effect is set out in the appendix to this decision.

9. The Commission notes that Pronto TV2 – Spanish Language Television will devote all of its program schedule to programming in Spanish. In accordance with Public Notice 2005-104, the Commission has imposed a **condition of licence** that requires Pronto TV2 – Spanish Language Television to devote not less than 90% of its program schedule to programming in Spanish. The remainder of the program schedule, i.e., up to 10% may be in one or both official languages. The Commission encourages the applicant to ensure that all such programming serves to promote Canada's linguistic duality.
10. Distribution of this service is subject to the distribution and linkage rules that apply to third-language general interest Category 2 services that offer 40% or more of their program schedule in any of the Cantonese, Mandarin, Italian, Spanish, Greek, or Hindi languages, as set out in *Distribution and linkage requirements for Class 1 and 2 licensees*, Broadcasting Public Notice CRTC 2005-119, 14 December 2005 and *Linkage requirements for direct-to-home (DTH) satellite distribution undertakings*, Broadcasting Public Notice CRTC 2005-120, 14 December 2005, as amended from time to time. These rules require that such Category 2 services only be offered to customers who also subscribe to the analog service operating in the same language.
11. The licence will expire 31 August 2013, and will be subject to the **conditions** set out in Public Notice 2000-171-1, as well as to the **conditions** set out in the appendix to this decision.

Issuance of the licence

12. A licence will be issued once the applicant has satisfied the Commission, with supporting documentation, that the following requirements have been met:
 - an eligible Canadian corporation has been incorporated in accordance with the application in all material respects;
 - the applicant has entered into a distribution agreement with at least one licensed distributor; and

- the applicant has informed the Commission in writing that it is prepared to commence operations. The undertaking must be operational at the earliest possible date and in any event no later than 36 months from the date of this decision, unless a request for an extension of time is approved by the Commission before 13 September 2009. In order to ensure that such a request is processed in a timely manner, it should be submitted at least 60 days before that date.
