**Application No. 2007-0844-8**

Application by **Télévision communautaire Frontenac** for a licence to operate a community programming undertaking in the service area of Bell Canada which operates, a Class 1 broadcasting distribution undertaking in Montréal, Quebec.

This application was filed pursuant to the criteria set out in *Policy framework for community-based media*, Broadcasting Public Notice CRTC 2002-61, 10 October 2002 (Public Notice 2002-61).

Specifically, the applicant commits to devote not less than 60% of its programming broadcast during each broadcast week to local community television programming, and not less than 30% of its programming broadcast during each broadcast week to programming produced by members of the community served by the cable distribution undertaking.

**Télévision communautaire Frontenac** wishes to obtain a community programming service licence given that the broadcast distribution undertaking operated by Bell Canada in Montréal does not provide a community channel.

The Commission may withdraw these applications from the public hearing if it is not advised by the Department of Industry, at least twenty days prior to the hearing, that these applications are technically acceptable.
