

Telecom Order CRTC 2007-495

Ottawa, 20 December 2007

Fido Solutions Inc.

Reference: Tariff Notices 14 and 14A

CLEC rates for interconnection

1. The Commission received an application by Fido Solutions Inc., dated 26 November 2007 and amended 10 December 2007, for approval of revisions to its General Tariff for competitive local exchange carrier (CLEC) interconnection services. The company stated that the proposed tariff revisions had been prepared in accordance with the CLEC Model Tariff Version 28.
2. In a Commission staff letter dated 25 October 2007, all CLECs were requested to file proposed tariffs to reflect the incumbent local exchange carriers' (ILECs) interconnection rates or to file proposed rates with cost justification for any departures from the ILECs' interconnection rates.
3. The Commission has reviewed the company's proposal and is satisfied that it follows the CLEC Model Tariff Version 28 and that the effective dates are in accordance with those indicated in the 25 October 2007 letter.
4. Accordingly, the Commission **approves on an interim basis** Fido Solutions Inc.'s application, with an effective date of 1 June 2007, as per *Price cap framework for large incumbent local exchange carriers*, Telecom Decision CRTC 2007-27, 30 April 2007.
