

## Broadcasting Public Notice CRTC 2007-9

Ottawa, 26 January 2007

### Call for comments on the proposed addition of RTV to the lists of eligible satellite services for distribution on a digital basis

1. The Commission received a request dated 15 December 2006 from Rogers Cable Communications Inc. (Rogers) for the addition of RTV, a non-Canadian third-language service, to the lists of eligible satellite services for distribution on a digital basis (the digital lists). Rogers described the service as follows:

RTV is a general-interest service offering programming entirely in the Bengali language, 24-hours-a-day/7-days-a-week. Its primary objective is to help viewers stay connected to Bengali culture through a broad range of programming, including programs in the news, documentary, lifestyle/human interest, sports, drama/comedy, religious and music/variety genres.

2. In *Improving the diversity of third-language television services – A revised approach to assessing requests to add non-Canadian third-language television services to the lists of eligible satellite services for distribution on a digital basis*, Broadcasting Public Notice CRTC 2004-96, 16 December 2004 (Public Notice 2004-96), the Commission set out its revised approach to the assessment of requests to add non-Canadian third-language television services to the digital lists, as well as specific information that Canadian sponsors must file in support of their requests. The Commission will assess Rogers' request in light of the approach set out in Public Notice 2004-96.
