

## Telecom Decision CRTC 2008-54

Ottawa, 12 June 2008

### **TELUS Communications Company – Application for forbearance from the regulation of residential local exchange services**

Reference: 8640-T69-200800195

*In this Decision, the Commission approves TELUS Communications Company's request for forbearance from the regulation of residential local exchange services in the exchanges of L'Islet, Saint-Roch-des-Aulnais, and Saint-Jean-Port-Joli, Quebec.*

#### **Introduction**

1. The Commission received an application by TELUS Communications Company (TCC), dated 8 January 2008, in which the company requested forbearance from the regulation of residential local exchange services<sup>1</sup> in the exchanges of L'Islet, Saint-Roch-des-Aulnais, and Saint-Jean-Port-Joli, Quebec.
2. The Commission received submissions and/or data regarding TCC's application from Bell Mobility Inc. (Bell Mobility), Quebecor Media Inc. on behalf of Videotron Ltd. (Videotron), and Rogers Communications Inc. (RCI). The public record of this proceeding, which closed on 23 April 2008, is available on the Commission's website at [www.crtc.gc.ca](http://www.crtc.gc.ca) under "Public Proceedings."

#### **Commission's analysis and determinations**

3. The Commission has assessed TCC's application based on the local forbearance test set out in Telecom Decision 2006-15, as amended by the Governor in Council's *Order Varying Telecom Decision CRTC 2006-15*, P.C. 2007-532, 4 April 2007 (modified Telecom Decision 2006-15), by examining the four criteria set out below.
  - a) **Product market**
4. The Commission received no comments with respect to TCC's proposed list of residential local exchange services.
5. The Commission notes that TCC is seeking forbearance for 11 tariffed residential local exchange services offered in Quebec. The Commission also notes that in Telecom Decision 2007-64 it found all of these services to be appropriate for forbearance. The list of approved services is set out in the Appendix to this Decision.

---

<sup>1</sup> In this Decision, "residential local exchange services" refers to local exchange services used by residential customers to access the public switched telephone network and any associated service charges, features, and ancillary services.

**b) Competitor presence test**

6. The Commission notes that for the exchanges of L'Islet, Saint-Roch-des-Aulnais and Saint-Jean-Port-Joli, information provided by parties confirms that there are, in addition to TCC, at least two independent facilities-based telecommunications service providers, including providers of mobile wireless services.<sup>2</sup> Each of these service providers offers local exchange services in the market and is capable of serving at least 75 percent of the number of residential local exchange service lines that TCC is capable of serving, and at least one, in addition to TCC, is a facilities-based, fixed-line telecommunications service provider.
7. Accordingly, the Commission determines that these three exchanges meet the competitor presence test.

**c) Competitor quality of service (Q of S) results**

8. The Commission notes that TCC submitted competitor Q of S results for the period of July to December 2007.
9. The Commission has reviewed TCC's competitor Q of S results and finds that the company has demonstrated that during this six-month period it
  - i) met, on average, the Q of S standard for each indicator set out in Appendix B of modified Telecom Decision 2006-15, as defined in Telecom Decision 2005-20, with respect to the services provided to competitors in its territory; and
  - ii) did not consistently provide any of those competitors with services that were below those Q of S standards.
10. Accordingly, the Commission determines that TCC meets the competitor Q of S criterion for this period.

**d) Communications plan**

11. The Commission notes that in lieu of filing a communications plan, TCC submitted that its communications plan specific to the three exchanges in the present application would conform to the Commission's requirements as set out in Telecom Decision 2007-64.
12. The Commission **approves** the communications plan submitted by TCC in the proceeding leading to Telecom Decision 2007-64 with the revisions outlined in that decision. The Commission directs TCC to provide the communications materials to its customers in both official languages where appropriate.

---

<sup>2</sup> These competitors are Bell Mobility, RCI, and Videotron.

## Conclusion

13. The Commission determines that TCC's application regarding the exchanges of L'Islet, Saint-Roch-des-Aulnais, and Saint-Jean-Port-Joli meets all the local forbearance criteria set out in modified Telecom Decision 2006-15.
14. Pursuant to subsection 34(1) of the *Telecommunications Act* (the Act), the Commission finds as a question of fact that a determination to forbear, to the extent specified in modified Telecom Decision 2006-15, from the regulation of residential local exchange services listed in the Appendix and future services that fall within the definition of local exchange services set out in Telecom Public Notice 2005-2 as they pertain to residential customers only, in these three exchanges, would be consistent with the Canadian telecommunications policy objectives set out in section 7 of the Act.
15. Pursuant to subsection 34(2) of the Act, the Commission finds as a question of fact that these residential local exchange services are subject to a level of competition in these exchanges sufficient to protect the interests of users of these services.
16. Pursuant to subsection 34(3) of the Act, the Commission finds as a question of fact that to forbear, to the extent specified in modified Telecom Decision 2006-15, from regulating these residential local exchange services in these exchanges would be unlikely to impair unduly the continuance of a competitive market for these services.
17. In light of the above, the Commission **approves** TCC's application for forbearance from the regulation of the local exchange services listed in the Appendix and future services that fall within the definition of local exchange services set out in Telecom Public Notice 2005-2, as they pertain to residential customers only, in the exchanges of L'Islet, Saint-Roch-des-Aulnais, and Saint-Jean-Port-Joli, subject to the powers and duties that the Commission has retained as set out in modified Telecom Decision 2006-15. This determination takes effect as of the date of this Decision. The Commission directs TCC to file for Commission approval revised tariff pages within 30 days.
