

Broadcasting Public Notice CRTC 2008-101-2

Ottawa, 12 January 2009

Notice of consultation

Call for comments on a proposed regulatory framework for video-on-demand undertakings – Extension of filing deadlines

*The Commission extends the filing deadlines in the above-noted proceeding from 29 January to **26 February 2009** for the filing of comments, and from 12 March to **2 April 2009** for filing of replies.*

1. The Commission received a request from the Canadian Broadcasting Corporation, dated 12 December 2008, that it defer by 12 months the proceeding announced in Broadcasting Public Notice 2008-101.
2. In Broadcasting Public Notice 2008-101-1, the Commission provided parties with an opportunity to comment on this request. Seventeen parties filed comments in response to that public notice. The request and the comments are available on the Commission's website at www.crtc.gc.ca under "Public Proceedings."
3. Having considered the record of the proceeding, the Commission is not persuaded that a 12-month deferral of this proceeding is warranted. However, the Commission notes the submissions made that there are a number of important proceedings involving either hearings or the filing of documents around the time that submissions are due in this proceeding. Accordingly, the Commission extends the deadline for the filing of comments from 29 January to **26 February 2009**, and the deadline for the filing of replies from 12 March to **2 April 2009**.
