Further to Broadcasting Notice of Consultation 2009-127, the Commission announces the following:

On 31 March 2009, the Commission received an amendment to the following application by Newcap Inc. **The changes are in bold.**

Item 2

Sudbury, Ontario

Application No. 2009-0351-9

Application by Newcap Inc. to amend the broadcasting licence for the English-language commercial FM radio programming undertaking CHNO-FM Sudbury.

The licensee proposes to amend the technical parameters of CHNO-FM by increasing the effective radiated power from 11,000 watts to 100,000 watts, by increasing the effective antenna height above average terrain from 120.9 metres to **150.2 metres** and by relocating the transmitter **to a location other than what was originally proposed.**

In light of the preceding, the Commission will accept comments for an additional period of 5 days. These comments should be limited to the new technical parameters set out above.
