Route Reference: Telecom Notice of Consultation 2009-429

Additional Reference: 2009-678

Ottawa, 4 November 2009

### **Review of Globalive Wireless Management Corp. under the Canadian ownership and control regime**

File number: 8657-C12-200910316

#### **Erratum**

1. The Commission is amending *Review of Globalive Wireless Management Corp. under the Canadian ownership and control regime*, Telecom Decision CRTC 2009-678, 29 October 2009. In paragraph 115 of the decision, the Commission set out the list of additional changes that are necessary to address certain of its remaining concerns. That list included liquidity rights. However, in paragraph 59 of the decision, the Commission did not indicate any specific changes that must be made to liquidity rights. The Commission did indicate, in paragraph 64 of the decision, that certain changes should be made to the definition of Strategic Competitor. As a result, the term “liquidity rights” in paragraph 115 should be replaced with “Eligible Purchasers.”
2. The revised paragraph reads as follows (change highlighted in bold italics):
  115. Globalive has made numerous significant changes to its corporate structure and documents in order to address many of the Commission's concerns. In this decision, the Commission has identified additional changes that are necessary to address certain remaining concerns with respect to Orascom's influence over Globalive. These changes relate to the composition of the boards of directors, ***Eligible Purchasers***, and the threshold for veto rights.
