Correction to Item 1

The Commission corrects the French-language version of the second paragraph of Item 1 to read as follows (the change is in bold):

La titulaire propose de modifier la licence en changeant la fréquence de la station de 88,5 MHz (canal 203A) à 101,7 MHz (canal 269A). La titulaire propose également de modifier le périmètre de rayonnement autorisé en augmentant la puissance apparente rayonnée (PAR) moyenne de 92 à 220 watts (antenne directionnelle avec une PAR maximum de 300 à **550** watts et une hauteur effective d'antenne au-dessus du sol moyen à 121 mètres) et en relocalisant son site d'antenne.

In addition, the Commission changes the applicant's name for Item 1 from UCFV Campus and Community Radio Society to UFV Campus and Community Radio Society.¹
