Secretary General

¹ An *ex parte* application is an application that has been filed with the Commission without notice to the public and, as such, is not placed on the public record when initially filed. An *ex parte* decision is one in which the Commission disposes of an application solely on the basis of the applicant's submissions. Subsection 61(3) of the *Telecommunications Act* allows the Commission to make an *ex parte* decision where it considers that the circumstances of the case justify it. In *Review of regulatory framework*, Telecom Decision CRTC 94-19, 16 September 1994, the Commission set out several considerations to be balanced in any determination to permit *ex parte* tariff filings, including the public interest in the effective operation of the competitive marketplace and the public interest in an open regulatory process.
