Ottawa, 5 July 2011

Review of regulatory framework for the small incumbent local exchange carriers and related matters

File number: 8663-C12-201108754

Changes to procedure

1. On 24 June 2011, the Commission received a joint application by l'Association des Compagnies de Téléphone du Québec inc. and the Ontario Telecommunications Association (collectively, ACTQ/OTA), on behalf of 29 small incumbent local exchange carriers. In their application, ACTQ/OTA indicated that they would be filing an application to review and vary Telecom Regulatory Policy 2011-291, and they requested that the Commission defer the Telecom Notice of Consultation 2011-348 process currently underway until it issues its determinations on the review and vary application.
2. The Commission recognizes that its determinations on the ACTQ/OTA review and vary application may have an impact on the submissions of parties in the Telecom Notice of Consultation 2011-348 process, and considers the ACTQ/OTA request reasonable.
3. Consequently, as determined in the Commission letter of 5 July 2011, the process established in Telecom Notice of Consultation 2011-348 is suspended. Once the Commission makes its determinations on the application to review and vary Telecom Regulatory Policy 2011-291, it will issue an update to Telecom Notice of Consultation 2011-348 to set out a new process.
