1. The Commission received three applications from TELUS Communications Company (TCC), dated 9 April 2012, all of which were amended on 2 May 2012 and one of which was subsequently amended on 6 June 2012. In its applications, TCC proposed revisions to amalgamate its Alberta and British Columbia Digital Network Access tariffs into its General Tariff (GT) CRTC 21461. Specifically, the company proposed to
 - introduce TCC GT item 500 – Digital Network Access; and
 - remove TCC GT item 520 – OCN Digital Network Access, former TELUS Communications Inc. GT item 500 – Digital Network Access, and former TELUS Communications (B.C.) Inc. GT item 447 – Digital Network Access (DNA).
2. TCC submitted that the proposed amalgamation would, among other things, (i) consolidate and align common definitions, (ii) correct cross-references, (iii) remove the requirement for customers to purchase separate accesses for voice and data services, and (iv) involve the withdrawal of certain rate elements that are no longer used.
3. TCC requested that the proposed revisions take effect on 23 July 2012.
4. The Commission received comments, dated 9 May 2012, from MTS Inc. and Allstream Inc. (collectively, MTS Allstream).¹ The public record of this proceeding is available on the Commission’s website at www.crtc.gc.ca under “Public Proceedings” or by using the file numbers provided above.
5. In *TELUS Communications Company – Digital Network Access service tariff amalgamation*, Telecom Order CRTC 2012-376, 11 July 2012, the Commission addressed MTS Allstream’s comments and approved TCC’s proposal on an interim
