Application 2012-0090-7

CFNR-FM Terrace – New transmitter in Prince George – Correction

1. In *CFNR-FM Terrace – New transmitter in Prince Rupert*, Broadcasting Decision CRTC 2012-657, 30 November 2012 (Broadcasting Decision 2012-657), the Commission incorrectly identified as Prince Rupert, British Columbia, the community in which Northern Native Broadcasting (Terrace, B.C.) (Northern Native) proposed to operate an FM transmitter. Northern Native in fact proposed to operate a new transmitter in Prince George, British Columbia.
2. Accordingly, the Commission replaces all instances of “Prince Rupert” in Broadcasting Decision 2012-657 with “Prince George.”
