Ottawa, 18 January 2013

### Revised list of non-Canadian programming services authorized for distribution – Annual compilation of amendments

1. In Broadcasting Public Notice 2006-55, the Commission announced that it would periodically issue public notices setting out revised lists of eligible satellite services that include references to all amendments that have been made since the previous public notice setting out the lists was issued.
2. In Broadcasting Regulatory Policy 2011-399, the Commission replaced the lists of eligible satellite services with a simplified, consolidated list known as the *List of non-Canadian programming services authorized for distribution* (the list). This new list came into effect 1 September 2011.
3. Accordingly, in Appendix 1 to this regulatory policy, the Commission sets out all amendments made to the list since the last compilation was issued in Broadcasting Regulatory Policy 2012-86. In addition, the non-Canadian programming services authorized for distribution that were approved up to and including 21 November 2012 are set out in Appendix 2.
4. The Commission notes that, as set out in Broadcasting Regulatory Policy 2012-357, as corrected by Broadcasting Regulatory Policy 2012-357-1, HDNet was renamed AXS TV. This name change is reflected in Appendix 2.
