Ottawa, 4 January 2018

Revised list of non-Canadian programming services and stations authorized for distribution – Annual compilation of amendments

1. In Broadcasting Public Notice 2006-55, the Commission announced that it would periodically issue public notices setting out revised lists of eligible satellite services, which would include references to all amendments made since the issuance of the previous public notice setting out the lists.
2. In Broadcasting Regulatory Policy 2011-399, the Commission replaced the lists of eligible satellite services with a simplified, consolidated list, which is currently known as the *List of non-Canadian programming services and stations authorized for distribution* (the [list](#)). The consolidated list came into effect 1 September 2011.
3. Accordingly, in Appendix 1 to this regulatory policy, the Commission sets out all amendments made to the list since the last compilation published in Broadcasting Regulatory Policy 2017-12. The non-Canadian programming services and stations authorized for distribution approved up to and including 20 December 2017 are set out in Appendix 2.
4. As noted in the following regulatory policies, certain services have been renamed:
 - DW (Deutsch+) (formerly DW (Amerika), see Broadcasting Regulatory Policy 2017-79)
 - Stingray Classica (formerly Stingray Brava, see Broadcasting Regulatory Policy 2017-177)
 - Paramount Network (formerly Spike TV, see Broadcasting Regulatory Policy 2017-419)
5. The above name changes are reflected in Appendix 2.
