Ottawa, le 5 mars 2012

Abstention de la réglementation des services de liaison spécialisée intercirconscriptions haut débit/services de données numériques sur certaines routes supplémentaires

Numéro de dossier : 8638-S1-01/98

Correction

1. Dans la décision de télécom 2011-744, le Conseil s'est abstenu de réglementer les services de liaison spécialisée intercirconscriptions haut débit/services de données numériques (LSI) sur certaines routes supplémentaires en vertu de l'ordonnance Télécom 99-434. Ces routes sont énumérées dans l'annexe de cette décision.
2. Dans l'annexe susmentionnée, une route partant de Scarborough (Ontario) et se terminant à Winnipeg (Manitoba) a été ajoutée par erreur.
3. Le Conseil modifie donc par les présentes l'annexe de la décision de télécom 2011-744 afin d'enlever toute référence à la route entre Scarborough (Ontario) et Winnipeg (Manitoba). Une copie de l'annexe corrigée est jointe.
